

# IBIS INSTRUMENTS

IS CURRENTLY LOOKING FOR A

# Junior System Engineer

## Who are we?

IBIS INSTRUMENTS is leading regional system integrator founded 22 years ago and serves more than 300 customers in South East Europe having offices in Serbia (HQ), Romania, Bulgaria, Macedonia and Bosnia. Our major partners are leading software and measurements companies like IBM, Microsoft, Check Point, Click Software, Keysight (ex HP).

Due to the significant expansion of our activities, we are looking for a talented **JUNIOR SYSTEM ENGINEER** who will join our growing team in Belgrade and focus on system integration of innovative software solutions. Our future colleague is tech savvy and open to learn.

## What will you be doing?

- Implementation and development of monitoring solutions
- Fine tuning, troubleshooting and maintenance of OSS/BSS systems
- Preparing data for presentation

## You are:

- Eager to learn, hardworking
- Open to receive and apply constructive feedback
- Able to effectively communicate
- Detail oriented
- Team player, self - motivated and independent

## Our offer:

- Professional education with a great mentor
- Opportunity to learn and develop
- Working in a highly collaborative and positive environment
- Flexible working hours
- Coaching and training to help you grow
- Various sports and team building activities

## What do you need to have?

- Relevant University degree (Faculty of Electrical Engineering, FON, Faculty of Mathematics...)
- Understanding and basic knowledge of programming (shell, html, xml, java, perl, python...)
- Basic knowledge of Linux OS
- Excellent knowledge of the Windows MS Office platform
- Proficiency in English

## Not mandatory, but good to have:

- Experience with SQL and relational databases
- Knowledge of telecommunication infrastructure and network services
- Knowledge of network technologies and protocols

## Sounds interesting?

If yes, show us what you've got and send your CV to [career@ibis-instruments.com](mailto:career@ibis-instruments.com) by May 9th 2018 with email subject "SYSTEM ENGINEER".

Have in mind that only candidates selected for an interview will be contacted.
