

IBIS INSTRUMENTS

IS CURRENTLY LOOKING FOR A

Security Engineer

Who are we?

IBIS INSTRUMENTS is leading regional system integrator founded 22 years ago and serves more than 300 customers in South East Europe having offices in Serbia (HQ), Romania, Bulgaria, Macedonia and Bosnia. Our major partners are leading software and measurements companies like IBM, Microsoft, Check Point, Click Software, Keysight (ex HP).

Due to the significant expansion of our activities, we are looking for a talented **SECURITY ENGINEER** who will join our growing team in Belgrade. Our future colleague is tech savvy, proactive and likes to be challenged with complex IT problems.

What will you be doing?

- Installing and administrating IBM DataPower
- Installing and administrating IBM Guardium
- Providing technical support of implemented solutions
- Participating in pre-sales and after-sales activities
- Organising and conducting training programs for clients

You are:

- Eager to learn, hardworking and flexible
- Open to receive and apply constructive feedback
- Able to effectively communicate and present your ideas
- Detail oriented
- Self - motivated and independent

Our offer:

- Experienced mentor
- Opportunity to learn and develop
- Flexible working hours
- Coaching and training to help you grow
- Various sports and team building activities

What do you need to have?

- Relevant University degree (Faculty of Electrical Engineering, FON, Faculty of Mathematics...)
- Previous experience in an Information Security role
- Fluency in English
- Great knowledge of HTTP(S), FTP, SSH, TLS/SSL and VPN technologies
- Some experience with API management
- Practical knowledge of databases such as SQL, DB2 and Oracle
- Experience with OAuth2.0, SAML and SSO

Not mandatory, but good to have:

- Knowledge of security and privacy laws and regulations
- CISSP certification desired
- Object oriented programming skills
- Expertise in development and implementation of REST, SOAP, API, SOAP API, JSON, XSLT, XML and XQuery

Sounds interesting?

If yes, show us what you've got and send your CV to career@ibis-instruments.com by **May 25th 2018** with email subject "**SECURITY ENGINEER**".

Have in mind that only candidates selected for an interview will be contacted.
